

Gurugrammers groove to foot-tapping Spanish beats

Fernando Bustamante and Ramita Chaudhuri

In an endeavour to bring authentic Spanish experience to India, Mahou Maestra Moments came to life at a party in Gurgoan.

The event brought together a rare blend of all the must-haves of a wonderful Spanish party under one roof with a gastronomic sojourn and foot-tapping music. Guests savoured the exotic flavours of Spain with some mouth-watering tapas dishes and grooved along with Latino and Salsa dancers. To add to the celebrations, DJ Crazy Angel played some great Spanish and Indian fusion music.

The party was attended by socialites, corporates and members of the food and hospitality sector from Delhi-NCR. Fernando Bustamante, CEO, Mahou India, introduced Mahou Maestra Moments to India and said, "Mahou Maestra Moments will be welcomed with open arms by those who want to experience and live a global life. Maestra stands for master in Spanish, and we are sure that it will delight the evolved connoisseurs, who are more in-
